I have read countless (so called) autobiographies of jockeys and trainers and gratefully sup up interesting nuggets of information - in books that are otherwise a bit samey, but Mr Darley's Arabian is a veritable cornucopia, a delicious feast of information and pictures of other times.

'Mr Darley's Arabian' traces an extraordinary bloodline of outstanding racehorses - 95% of all thoroughbreds in the world are descended from one horse, the so-called Darley Arabian, shipped from Aleppo to Yorkshire in 1704 by a second son who failed to make his fortune and died before he could follow his horse home. Chris McGrath tells the story of the men and women who owned and traded and ...

The audacious and inspired history of horse racing told through the bloodline of twenty-five exceptional Arabian steeds. In 1704 a bankrupt English merchant sent home the colt he had bought from Bedouin tribesmen near the ruins of Palmyra. Thomas Darley hoped this horse might be the ticket to a new life back in Yorkshire.

The audacious and inspired history of horse racing told through the bloodline of twenty-five exceptional Arabian steeds. In 1704 a bankrupt English merchant sent home the colt he had bought from Bedouin tribesmen near the ruins of Palmyra. Thomas Darley hoped this horse might be the ticket to a new life back in Yorkshire. But he turned out to be far more than that, and although Mr. Darley's Arabian never ran a race, 95% of all thoroughbreds in the world today are descended from him. In this book, for the first time, award-winning racing writer Christopher McGrath traces this extraordinary bloodline through twenty-five generations to our greatest modern racehorse, Frankel. The story of racing is about man's relationship with horses, and Mr. Darley's Arabian also celebrates the men and women who owned, trained and traded the stallions that extended the dynasty. The great Eclipse, for instance, was bred by the Duke who foiled Bonnie Prince Charlie's invasion (with militia gathered from Wakefield races) and went on to lead the Jockey Club. But he only became a success once bought and raced by a card-sharp and brothel-keeper - the racecourse has always brought high and low life together. McGrath expertly guides us through three centuries of scandals, adventures and fortunes won and lost: our sporting life offers a fascinating view into our history. With a canvas that extends from the diamond mines of South Africa to the trenches of the Great War, and a cast ranging from Smithfield meat salesmen to the inspiration for Mr Toad, and from legendary jockeys to not one, but two disreputable Princes of Wales (and a very unamused Queen Victoria), Mr. Darley's Arabian shows us the many faces of the sport of kings.

This book argues that a serious, scholarly study on exhumation is long overdue. Examining more well-known cases, such as that of Richard III, the Romanovs, and Tutankhamen, alongside the more obscure, Michael Nash explores the motivations beyond exhumation, from retribution to repatriation. Along the way, he explores the influence of Gothic fiction in the eighteenth century, the notoriety of the Ressurection Men in the nineteenth century, and the archeological heyday of the twentieth century.

A dandy story for all horse lovers and worthy rival to Marguerite Henry's enormously successful King of the Wind . Ms. Henry based her story on this very book, written in 1846 by French author and sportsman Eugene Sue. Here now is Alex de Jonge's immensely readable translation of the original tale an imaginative mixture of fact and legend recreating the life of the Godolphin Arabian and his constant companion, Grimalkin the cat.

Of the three horses that were the ancestors of the modern thoroughbred, the first and greatest was undoubtedly the Byerley Turk. This book gives an account of the life of this breed, extending from the palaces of the Ottoman Empire to the streets of London and beyond, and featuring a cast of historical figures. It begins in 1679 in a remote Balkan village, where a seyis - a penniless groom - finds himself caring for a remarkable young foal. Believing it destined for greatness, and seeing a chance to escape his own humble circumstances, he begins schooling the animal in the disciplines of war. Hewing closely to the historical record, the author goes on to trace the fortunes of the Turk and its new master: In 1682, they arrived in Istanbul, where the horse was selected for the Ottoman Empire's renowned cavalry. Ridden as a battle charger in the Turkish sieges on Vienna and Buda, it was captured, along with its groom, by a party of adventuring British aristocrats and taken back to England in 1686. In London, it was bought by Captain Robert Byerley, who rode the Turk to Ireland to take on the Jacobite forces in several pivotal encounters, including the Battle of the Boyne. Eventually, the Turk was put to stud, initiating what was to become its greatest legacy: first foundation sire of the thoroughbred line.--Publisher's description.

On May 4, 1968, Dancer's Image crossed the finish line at Churchill Downs to win the 94th Kentucky Derby. Yet the jubilation ended three days later for the owner, the jockey and the trainers who propelled the celebrated thoroughbred to victory. Amid a firestorm of controversy, Dancer's Image was disqualified after blood tests revealed the presence of a widely used anti-inflammatory drug with a dubious legal status. Over forty years later, questions still linger over the origins of the substance and the turmoil it created. Veteran turfwriter and noted equine law expert Milt Toby gives the first in-depth look at the only disqualification in Derby history and how the Run for the Roses was changed forever.

The true story of a horse born in a humble stable in the Balkans in 1678 who became the first foundation sire of the thoroughbred line.

Every year, on Valentine's Day, the great Thoroughbred farms open their breeding sheds and begin their primary business. For the next one hundred and fifty days, the cries of stallions and the vigorous encouragement of their handlers echo through breeding country, from the gentle hills of Kentucky to the rich valleys of California. Stud takes us into this strange and seductive world of horse breeding. We meet the world's leading sire, Storm Cat, the Triple Crown winner, Seattle Slew, and a nearly unmanageable colt, Devil Begone, who has found peace and prosperity on the banks of the Rio Grande servicing desert mares like Patty O'Furniture. Cheap stud, top stud, old stud, wild stud, from the Hall of Fame horse to the harem stallion with his feral herd, Stud looks at intimate acts in idyllic settings and the billion-dollar business behind them.
