Today we are going to install part number

118336 from Tow Ready, and we are

going to do this on our 2004 Honda

Odyssey. The port where we need to get to

the wiring is inside the vehicle, so we need

to open up the hatch and get to the inside,

drivers side quarter-panel. To get behind

our quarter-panel here, we have to get

behind this access panel. Pull this loose, so

you can undo this one, and then get back

behind the wiring harness which is located

in this general area, here.
