as a resource to understand,
evaluate, and use agile and
hybrid agile approaches.

This practice guide provides
guidance on when, where, and
how to apply agile
approaches and provides
practical tools for

management, in addition to
cost • Management of claims in
construction This edition of
the Construction Extension
also follows a new
structure, discussing the

unpredictability keep
increasing. The need for
agility through Scrum
increases equally, in and
beyond software and product
development. This 2nd
edition of Scrum - A Pocket
Guide offers the clarity and
