About Annie Ernaux. The award-winning novels of Annie Ernaux are controversial, innovative, and address the topical issues of gender and social class. Surprisingly, there has been no major study of her work, despite the fact that it is increasingly taught and has been widely translated. This book fills that gap by presenting Ernaux's work through a range of readings: those of the author herself, those of academics, of reviewers and of 'ordinary' readers.

What emerges is a new critical method that explores the multiple relationships between readers and texts."--BOOK JACKET.

"My father tried to kill my mother one Sunday in June, in the early afternoon," begins Shame, the probing story of the twelve-year-old girl who will become the author herself, and the single traumatic memory that will echo and resonate throughout her life. With the emotionally rich voice of great fiction and the diamond-sharp analytical eye of a scientist, Annie Ernaux provides a powerful reflection on experience and the power of violent memory to endure through time, to determine the course of a life.

In 1963, Annie Ernaux, 23 and unattached, realizes she is pregnant. Shame arises in her like a plague: Understanding that her pregnancy will mark her and her family as social failures, she knows she cannot keep that child. This is the story, written forty years later, of a trauma Ernaux never overcame. In a France where abortion was illegal, she attempted, in vain, to self-administer the abortion with a knitting needle. Fearful and desperate, she finally located an abortionist, and ends up in a hospital emergency ward where she nearly dies. In *Happening*, Ernaux sifts through her memories and her journal entries dating from those days. Clearly, cleanly, she gleans the meanings of her experience.

This text provides an analysis of Annie Ernaux's individual texts. It engages in a series of provocative close readings of her works to highlight the contradictions and nuances in her writing, demonstrating the intellectual intricacies of her work.

A New York Times Notable Book Annie Ernaux's father died exactly two months after she passed her practical examination for a teaching certificate. Barely educated and valued since childhood strictly for his labor, Ernaux's father had grown into a hard, practical man who showed his family little affection. Narrating his slow ascent towards material comfort, Ernaux's cold observation reveals the shame that haunted her father throughout his life. She scrutinizes the importance he attributed to manners and language that came so unnaturally to him as he struggled to provide for his family with a grocery store and cafe in rural France. Over the course of the book, Ernaux grows up to become the uncompromising observer now familiar to the world, while her father matures into old age with a staid appreciation for life as it is and for a daughter he cautiously, even reluctantly admires. A Man's Place is the companion book to her critically acclaimed memoir about her mother, A Woman's Story.

Washington Post Top Memoir of 1999 An extraordinary evocation of a grown daughter's attachment to her mother, and of both women's strength and resiliency. "I Remain in Darkness" recounts Annie's attempts first to help her mother recover from Alzheimer's disease, and then, when that proves futile, to bear witness to the older woman's gradual decline and her own experience as a daughter losing a beloved parent. "I Remain in Darkness" is a new high water mark for Ernaux, surging with raw emotional power and her sublime ability to use language to apprehend her own life's particular music.

The 1990s witnessed an explosion in women's writing in France, with a particularly exciting new generation of writer's coming to the fore, such as Christine Angot, Marie Darrieusseac and Regine Detambel. Other authors such as Paule Constant, Sylvie Germain, Marie Redonnet and Leila Sebbar, who had begun publishing in the 1980s, claimed their mainstream status in the 1990s with new texts. The book provides an up-to-date introduction to an analysis of new women's writing in contemporary France, including both new writers of the 1990s and their more established counter-parts. The editors' incisive introduction situates these authors and their texts at the centre of the current trends and issues concerning French literary production today, whilst fifteen original essays focus on individual writers. The volume includes specialist bibliographies on each writer, incorporating English translations, major interviews, and key critical studies. Quotations are given in both French and English throughout. An invaluable study resource, this book is written in a clear and accessible style and will be of interest to the general reader as well as to students of all levels, to teachers of a wide range of courses on French culture, and to specialist researchers of French and Francophone literature.

The full French text is accompanied by French-English vocabulary. Notes and a detailed introduction in English put the work in its social and historical context.

In this life-size game of Clue, six psychiatric patients in Paris's Saint Anne's Hospital are suspects in the murder of Dr. Black. Though Not a Clue tells the stories of these possible assassins, their lives, and what has brought them to the hospital, the true focus of Chloé Delaume's intense and tumultuous novel is not merely to discover the identity of the murderer. Rather, by cleverly combining humor with the day-to-day effects of life's unrelenting compromises, Not a Clue is an astute commentary on the current state of literary production and consumption. Masterfully juggling an omniscient narratrix, an accusing murder victim, at least six possible suspects as well as their psychiatrists, and a writer who intervenes by refusing to intervene, Delaume uses the characters, weapons, and rooms of the board game Clue to challenge--sometimes violently, sometimes playfully--the norms of typography, syntax, and narrative conventions.
