Beethoven's violin concerto is a great old warhorse, and every violinist of any merit will play it. Itzhak Perlman's version is the absolute best version I have ever heard. I would query the sound of the BPO under Barenboim. They seem to have lost the instantly recognisable quality of sound that they once had.

Ludwig van Beethoven composed his Violin Concerto in D major, Op. 61, in 1806. Its first performance by Franz Clement was unsuccessful and for some decades the work languished in obscurity, until revived in 1844 by the then 12-year-old violinist Joseph Joachim with the orchestra of the London Philharmonic Society conducted by Felix Mendelssohn. Since then it has become one of the best-known

Brand new Book. Beethoven's Violin Concerto was the only significant work of this genre to appear between Mozart's five concertos of 1775 and Mendelssohn's E minor Concerto of 1844. This handbook explores the background to Beethoven's work, its genesis, its place in the composer's oeuvre and the influences which combined in its creation.

Beethoven's only two other works of note for the violin were his Romance in G Opus 40, and Romance in G Opus 50, completed a few years before this concerto. Lyrical and spacious in tone, they couldn't be more different from the Violin Concerto's most famous movement: a zesty, spirited finale making dazzling use of the instrument's melodic range.

The first individual study of Beethoven's Violin Concerto.

Three of the most popular Romantic violin concertos performed today in one volume. Includes Beethoven, Concerto for Violin and Orchestra in D Major, Opus 61 (1806); Mendelssohn, Concerto for Violin and Orchestra in E Minor, Opus 64 (1844); and Tchaikovsky, Concerto for Violin and Orchestra in D Major, Opus 35 (1878).

Read Online Beethoven Violin Concerto Hardcover

Accompanied by a booklet of music examples (108 p.: ill.; 21 cm.).

Complete scores of 5 great Beethoven piano concertos, with all cadenzas as he wrote them, reproduced from authoritative Breitkopf & Härtel edition. Includes new table of contents.

Using one of the most famous works in classical music—Beethoven’s Fifth Symphony—here is the perfect way to introduce a young child to the world of classical music. This charming and interactive picture book with its panel of 19 sound buttons is like a ticket to a concert hall, taking readers on a journey from the exciting first moment when the musicians begin tuning up to the end of the first movement (attention newcomers: don’t clap yet!). At each step of the way, readers learn the basics of classical music and the orchestra: What is a conductor? What is a symphony? Who was Beethoven? The different aspects of music: melody, harmony, tempo, theme. And the families of instruments—strings, woodwinds, brass, and percussion. But the best part is that every critical idea is illustrated in gorgeous sound. The sound panel allows readers to hear the different parts of the symphony and voices of the music—the famous beginning of the Fifth, what a clarinet sounds like, the difference between a violin and a viola, what a melody is, and what harmony is. Kids will want to match their voices to the A note that tunes the orchestra, dance to the rhythmic passages—and, of course, sing along to da-da-da-daah!

"In addition to necessary historical background and references to the critical reception, comparisons

have been included with other works by Beethoven in the same genre and period. This wider personal context combines with an effort to view Beethoven's music not only in terms of the heritage of Haydn and Mozart, but also in relation to the long development of Classic style and its procedures from the early Classic period onward, starting in the 1730s."--BOOK JACKET.

“A richly detailed portrayal of the intimate workings of a great string quartet . . . as revealed to us through the recollections of its first violinist.”—Philip Roth Edward Dusingberre, first violinist of the renowned Takács Quartet, offers a rare peek inside the workings of his ensemble, while providing an insightful history of Beethoven’s sixteen string quartets and their performance. Founded in Hungary in 1975 and now based in Boulder, Colorado, the Takács is one of the world’s preeminent string quartets, and performances of Beethoven have been at the center of their work together for over forty years. Using the history of both the Takács Quartet and the Beethoven quartets as a foundation, *Beethoven for a Later Age* provides a backstage look at the daily life of a quartet, showing the necessary creative tension between individual and group and how four people can at the same time forge a lasting artistic connection and enjoy making music together over decades. In an accessible style, suitable for novices and chamber music enthusiasts alike, Dusingberre illuminates the variety and contradictions of Beethoven’s quartets, which were composed against the turbulent backdrop of the Napoleonic Wars and their aftermath, and he brings the technical aspects of the music to life. “We are given intimate insight into the almost impossible-to-describe musical process of rehearsal and performance, the artistic and human interaction that links these modern musicians with their forebears and Beethoven himself.”—Garrick Ohlsson, pianist “This singular memoir . . . will be something between informative and revelatory to readers from musicians to music lovers.”—Jan Swafford, author of *Beethoven: Anguish*
