Discover the Korean War through the eyes of the journalist who covered it in this installment of the New York Times bestselling

graphic novel series In 1950, Marguerite Higgins (1920–1966) was made bureau chief of the Far East Asia desk for the New York Herald Tribune. Tensions were high on the Korean peninsula, where a border drawn after WWII split the country into North and South. When the North Korean army crossed the border with Soviet tanks, it was war. Marguerite was there when the Communists captured Seoul. She fled with the refugees heading south, but when the bridges were blown over the Han River, she was trapped in enemy territory. Her eyewitness account of the invasion was a newspaper smash hit. She risked her life in one dangerous situation after another—all for the sake of good story. Then she was told that women didn't belong on the frontlines. The United States Army officially ordered her out of Korea. She appealed to General Douglas MacArthur, and he personally lifted the ban on female war correspondents, which allowed her the chance to report on many of the major events of the Korean War. Nathan Hale's Hazardous Tales are graphic novels that tell the thrilling, shocking, gruesome, and TRUE stories of American history. Read them all—if you dare!

Succinct in its treatment of the fundamentals, and interwoven with contextual explanation and analytical consideration of the key debates, Honeyball and Bowers' Textbook on Employment Law continues to provide readers with an accessible account of the subject. Including chapter introductions and new end-of-chapter summaries, students of employment law are guided through the intricacies, while further reading suggestions assist with independent research and essay preparation. The critical elements of individual and collective employment law are considered along with treatment of the relationship between UK and EU law, to give readers a wider view of the issues.

New York Times bestselling author, Food Network star, and The Pioneer Woman herself, Ree Drummond brings us the first book in a brand-new picture book series! In Ree's own words: "I was all

grown up when I moved out to the country. When I first arrived, I felt so out of place! But eventually, I looked around and discovered all the wonderful things about country life. So I decided to write a story about my experiences, as seen through the eyes of a little girl named Ree. Little Ree moves to the country and feels as scared and unsure as I was. But then she finds that if she sets her mind to it, being a country girl is a pretty cool thing. Come along on her adventures!” Little Ree trades in her city days for a country way of life when she moves with her family to her grandparents’ ranch. She’s excited to ride horses, swim in the pond, and help Grandma cook for everyone. But on her first day, she finds that living on a ranch can be tough. She has to get up at the crack of dawn, learn to herd cows, and make sure her horse, Pepper, doesn’t eat everything in sight. And that’s all before breakfast! Will she ever get used to this new place? Luckily, the end of the day brings a big family barbecue...and the happy discovery that being a country girl isn’t about the right pair of boots, it’s all about the right attitude. With warmth, humor, and stories inspired by life on the ranch, Ree Drummond’s new picture book introduces us to a spunky new picture book star and treats us to a special pancake recipe at the end!
