Foreign Policy Analysis Theory and Approach

Foreign policy analysis (FP A) is an important sub-discipline of the broader field of International Relations (IR). This book argues that what sets FP A apart from the broader study of IR is the...

(PDF) Introduction: Analyzing Foreign Policy

This article begins with some background information on the development of the subfield of foreign-policy decision-making, with a particular emphasis on why and how this subfield took root in the United States in the interwar period. It then surveys some of the important orienting statements by pioneers in the subfield of foreign-policy decision-making.

Foreign?Policy Decision?Making - Oxford Handbooks

Introduction The study of foreign policy as a rational choice process is undergoing a sea change in its focus and in its impact on policy choices. At least since the end of World War II, foreign policy thinking has been dominated by a realist (or neorealist) perspective in which states are taken as the relevant unit of analysis.

Foreign Policy Analysis | Oxford Academic

This introductory chapter defines foreign policy analysis (FPA). At the crossroads between the theories of international relations and public policy analysis, FPA draws on multiple disciplines. Few fields of study have embraced disciplines as varied as sociology, economics, public administration, psychology and history with the same enthusiasm.

What Is Foreign Policy Analysis? | SpringerLink

The Routledge Handbook of American Foreign Policy brings together leading experts in the field to examine current trends in the way scholars study the history and theories of American conduct in the world, analysis of state and non-state actors and their tools in conducting policy, and the dynamics of a variety of pressing transnational challenges facing the United States.
