The Abeka Grade 2 Language Arts curriculum 'Phonics and Language 2' covers reading comprehension and vocabulary. Hear about sales, receive special offers & more. You can unsubscribe at any time.

This workbook is designed to reinforce specific language skills including understanding parts of speech, reading comprehension, and writing.

Students will move beyond pages of text to make real-world connections as this exciting new series guides your young learner toward mastery of reading, grammar, and vocabulary, as well as the mechanics of communication and writing. Utilizing phonics, observation, and reading comprehension through poems, stories, and real books as the foundation, your student will start forming basic sentences. This story-based approach, focused on young students Claire and Micah, uses Charlotte Mason ideas for the modern homeschool student with character building themes. Each quarter has five stories, two picture studies (one of which is Bible-based), and two poems (one of which is a Psalm). Using the spelling words and the Dictionary Worksheets student will create their very own dictionary as they move week by week through the material. Developing early reading and narration skills, by the end of the course, students should be able to comfortably write up to three sentences at a time.

A step-by-step program that shows parents, simply and clearly, how to teach their child to read in just 20 minutes a day.

Supplement your social studies curriculum with 180 days of daily practice! This essential classroom resource provides teachers with weekly social studies units that build students' content-area literacy, and are easy to incorporate into the classroom. Students will analyze primary sources, answer text-dependent questions, and improve their grade-level social studies knowledge. Each week covers a particular topic within one of the four social studies disciplines: history, economics, civics, and geography. Aligned to the National Council for the Social Studies (NCSS) and state standards, this social studies workbook includes digital materials.

The fourth edition of Teaching Secondary Science has been fully updated and includes a wide range of new material. This invaluable resource offers a new collection of sample lesson plans and includes two new chapters covering effective e-learning and advice on supporting learners with English as a second language. It continues as a comprehensive guide for all aspects of science teaching, with a focus on understanding pupils' alternative frameworks of belief, the importance of developing or challenging them and the need to enable pupils to take ownership of scientific ideas. This new edition supports all aspects of teaching science in a stimulating environment, enabling pupils to understand their place in the world and look after it. Key features include: Illustrative and engaging lesson plans for use in the classroom Help for pupils to construct new scientific meanings M-level support materials Advice on teaching 'difficult ideas' in biology, chemistry, physics and earth sciences Education for sustainable development and understanding climate change Managing the science classroom and health and safety in the laboratory Support for talk for learning, and advice on numeracy in science New chapters on e-learning and supporting learners with English as a second language. Presenting an environmentally sustainable, global approach to science teaching, this book emphasises the need to build on or challenge children's existing ideas so they better understand the world in which they live. Essential reading for all students and practising science teachers, this invaluable book will support those undertaking secondary science PGCE, school-based routes into teaching and those studying at Masters level.

Covers reading skills, spelling skills, math skills, language arts, writing skills, and test preparation.

With more than 250 lists, home educators, private school teachers, and others will find important facts and essential information in one easy-to-use resource.

Give your soon-to-be second grader a head start on their upcoming school year with Summer Bridge Activities: Bridging Grades 1-2.
