What effects will the sexual experiences and conduct of incarnates have on the immortal spirit in their future life, their destiny? Rich in detail, the books by Andre Luiz depict the spirit world: how spirits live, their habitats and the relations of cause and effect that influence the evolutionary trajectory both of incarnates and discarnates, delineating their future life, their destiny. In this book, readers will find the answers to their questions about human sexual relationships and their implications for the future life of the immortal spirit, enabling it to "learn by using the library of experience." Sex and destiny, love and conscience, freedom and commitment, guilt and redemption, home and reincarnation are the topics of this book born in the forge of everyday reality.

Editorial Reviews "Fresh, fun, and unbelievably hot, Audrey Carlan's Calendar Girl series will have you falling in love over and over again and craving the next installment." –Meredith Wild, #1 NYT Bestselling Author "Sinfully delicious from start to finish! Sexy, smart, and so unique! I was completely immersed in Mia's journey." –Katy Evans, NYT Bestselling Author "A sexy, fast-paced, and downright addictive read. I devoured every word of Mia's journey." –Meghan March, USA Today Bestselling Author "This was a KILLER start to Ms. Carlan's monthly series!" –Give Me Books "Damn, Audrey did it again! Made me smile, made me laugh & made me cry with her beautiful words! I am in love with these books. –Hooks & Books Blog "This story was exciting, quick, but well paced and full of loveable characters. I haven't met a character in this series that I haven't liked yet!" –Nice and Nau Synopsis Mia Saunders journey continues in the third wicked hot anthology of the Calendar Girl Series! In the next three months, Mia heads to Miami, Texas, and her hometown, Las Vegas. In July, she serves as the seductress in a music video to platinum selling hip hop artist Anton Santiago. Still dealing with the trauma from June, our girl opens her heart and finds that taking risks in life and love could give her all that she ever needed and more. In August, Mia heads to Texas to put on her acting hat and pretend to be the long lost sister of oil tycoon and big business man Maxwell Cunningham. The job should have been a snap, only secrets are revealed from her past that change everything she knew to be true. In September, Mia dashes home to sin city where the world around her seems to implode. The people she loves are fighting battles she isn't prepared for, but desperate to solve before she loses it all.

"A sexy, fast-paced, and downright addictive read. I devoured every word of Mia's journey." –Meghan March, USA Today Bestselling Author Synopsis Life, Love, Laughter. Three things I never expected to experience in the month of giving thanks, but that is just what I received. Wes had survived Hell on Earth, and was back where he was meant to be...in my arms and my bed. For good. There would be no breaking us apart after the trauma we experienced up to this point. My new job with Century Production sent me to the big apple to interview celebrities for a special segment on being thankful. What is a girl to do when she has an entire host of celebrity friends from her past year of travels? You better believe I called up my friends Mason Murphy, all-star pitcher for the Red Sox, and Anton Santiago, the Latin Lov-ah, to participate. They were all too happy to oblige, only my guy's feathers were a bit ruffled by the ease with which they came running. Add in my new family and you've got a fairytale Thanksgiving. Except for one tiny detail...the single seat at the table, left open by the hole in my heart that only one person could fill. *** In the eleventh book of the Calendar Girl serial, Mia is off to New York City to film a segment for her new job. Now that her debt has been paid, and the threat from her ex is gone, she no longer has to live life as an escort. Only life has thrown her some new challenges to round out her year. Each installment in the Calendar Girl Serial will release every month throughout 2015. Warning: This book is designed for audiences 18+ due to language and graphic sexual content.

In this volume, Andre Luiz focuses on aspects of life in the spirit world and the communication between discarnates and incarnates, especially during the sleep of the physical body. The spirit author explains the causes of mental disturbances and presents their respective spiritual treatments. In the form of a novel, he also analyzes topics such as abortion, epilepsy, schizophrenia and Down syndrome and highlights the immediate rescue given by invisible workers to those who need help in order to avoid – as far as possible – madness, suicide and extreme moral disasters.

Under the guidance of the spirit Leon Denis, the spirit author Camilo Castelo Branco, using the pen name Camilo Cândido Botelho, describes to the médium Yvonne A. Pereira, his dreadful experience after having discarnated by committing suicide. The book entails invaluable instruction, demonstrating the greatness of the Divine Mercy toward repentant suicides and providing them with the opportunity to understand the universe and life in its fullest dimension. The beginnings of planet Earth, the evolution of the human being, the immortality of the soul, Christian morality, and other relevant themes are presented for the understanding that "... no attempt at moral growth will work if we remain imprisoned in self-ignorance." A complete reading of this work shows that there is a road of reconstruction for those who repent. There is always hope because rehabilitation is possible.

The bestselling author of The Last Kabbalist of Lisbon delivers a wartime thriller that's "equal parts riveting, heartbreaking, inspiring, and intelligent" (San Francisco Chronicle). With his international-bestseller The Last Kabbalist of Lisbon, Richard Zimler made a name as a master of historical thrillers. In this chilling mystery, winner of the Marques de Ouro Prize, Zimler has woven a gripping tale in the tradition of The Shadow of the Wind. It is autumn, 1940, and the Nazis have sealed four-hundred-thousand Jews into the Warsaw Ghetto. Erik Cohen, an elderly psychiatrist, moves into a tiny apartment with his last remaining relatives. Then his beloved great-nephew Adam goes missing and his body is discovered tangled in the barbed wire, strangely mutilated. Soon afterward, another body turns up, this time a young girl. Could there be a Jewish traitor luring children to their deaths? With an unlikely hero and hair-raising suspense, The Warsaw Anagrams is a profoundly moving and darkly atmospheric thriller. "Part murder mystery and part historical fiction. . . Thrilling." —The Boston Globe "A gripping, heartbreaking and beautiful thriller." —Simon Sebag Montefiore, New York Times–bestselling author of The Romanovs "Spare but striking prose. . . Masterful." —Newsday "A fast-moving, powerful and intellectual murder mystery set within wartime Warsaw Poland during World War II. . . Zimler provides layer after layer of intrigue and excitement. This is not simply a novel about the Holocaust. It is a murder mystery that will challenge the reader to uncover a frightening truth within a world turned upside down by war and genocide." —New York Journal of Books

We are on the threshold of the great transition, when our planet will go from being a world of trials and expiations to one of regeneration. This transition has been part of the heavenly plan for a long time; thus, it will not occur in an obvious manner, overnight, as if by magic, but as a slow, gradual, yet undelayable transformation. Natural tragedies, such as the Indian Ocean tsunami in 2004 - the subject of our considerations in this book - are part of this process because they are meant to make humankind progress more quickly by expunging criminal spirits - those unamenable to order and to moral and spiritual evolution, which can no longer be delayed. Those spirits will spend an amount of time on other worlds, learning the laws of Love and of the Good until they are fit to return to our planet to make their contribution to the progress of humankind. In this extraordinary book, our dear readers will learn about the mechanisms and lofty reasons for the planetary transition in favor of pressing and necessary changes that promote respect for laws, ethics and nature, transforming men and women into complete beings who are conscious of their duties to God, themselves and others.

No matter what field one may be in, there is a need to market oneself, and Girard, bestselling author of "How to Sell Anything to Anybody," reveals important sales secrets for everyday life.

"The Indigo Children Oh yeah ... I know about them! Wasn't there a movie about that? They're those special kids who do psychic things and who have dark blue auras, right?" If that's your take on the Indigos, then you really need to read this book. The Indigo Children aren't super-psychic kids with dark blue auras. In fact, the Indigo moniker has nothing to do with auras or being psychic. Some of these teenagers are actually the ones who are strapping on bombs and bringing guns to school, so you can see that the subject here is far more profound than the sensational hype that often accompanies it. This book is all about the children of our planet, what really might be happening with them, why they do what they do, and what we can do to help them and our educators survive all this. In addition, the Indigos are slowly beginning to join the workforce (gasp)! Join Lee Carroll and Jan Tober, the original authors of The Indigo Children, for a profound and frank discussion of this topic ten years later. After all this time, what do some in higher education say about these kids? What do industry leaders say? Humanity is evolving, so you should definitely be aware of these individuals' opinions. It's time to stop the circus that has been created around this subject and get down to finding out how to help these children survive in a world they don't understand ... or perhaps it's just you they don't understand.... Join the leaders of education and industry who speak out in this book for a peek into the real issues surrounding the Indigos, and perhaps the future of humanity!
