The five men chosen for this purpose were the most significant of those who laid down their lives in the cause of the English Reformation. Bilney and Tyndale represent the movement in the reign of Henry VIII; Ridley and Cranmer dominate the study in the reign of Edward VI. The life of Latimer links Bilney with Cranmer and spans the whole period from the early days of conversion in the Halls of Cambridge right on to the triumphant martyrdoms in the fires of Oxford.

Masters of the English Reformation by Marcus L. Loane ...

Masters of the English Reformation is a book tells the story of the English Reformation. It penetrates behind the facade of political change and acts of Parliament and brings to light the inner movement of the Spirit of God in men of humble heart and heroic faith. Its author believes there was a guiding hand at the helm of the Reformation, and that this divine guidance is most clearly revealed by a detailed study of the life and motives of those who were marked out as leaders of the movement ...

Masters of the English Reformation by Marcus L. Loane ...

Masters of the English Reformation (Thomas Bilney, William Tyndale, Hugh Latimer, Nicholas Ridley and Thomas Cranmer) is both a serious study and also a gripping narrative, ably told. It springs from convictions shared deeply by the author and his five subjects, so that his respect - almost, his affection for these men shines across the centuries.

Covers the contributions of: Thomas Bilney, William Tyndale, Hugh Latimer, Nicholas Ridley and Thomas Cranmer.

John Frith was one of the outstanding academics of his time. He had a clear logical mathematical mind, was highly respected and influenced many. Yet, in 1553, at the age of 30, he was burnt at the stake for writing books supporting doctrines of Reformation. This work discusses his life.

Spanning the different phases of the English Reformation from William Tyndale's 1525 translation of the Bible to the death of Elizabeth I in 1603, John King's magisterial anthology brings together a range of texts inaccessible in standard collections of early modern works. The readings demonstrate how Reformation ideas and concerns pervade well-known

writings by Spenser, Shakespeare, Sidney, and Marlowe and help foreground such issues as the relationship between church and state, the status of women, and resistance to unjust authority. Plays, dialogues, and satires in which clever laypersons outwit ignorant clerics counterbalance texts documenting the controversy over the permissibility of theatrical performance. Moving biographical and autobiographical narratives from John Foxe's Book of Martyrs and other sources document the experience of Protestants such as Anne Askew and Hugh Latimer, both burned at the stake, of recusants, Jesuit missionaries, and many others. In this splendid collection, the voices ring forth from a unique moment when the course of British history was altered by the fate and religious convictions of the five queens: Catherine Parr, Lady Jane Grey, Mary I, Mary Queen of Scots, and Elizabeth I.

A consistent, indigenous English doctrine of scriptural perspicuity correlates with a commitment to the availability of the vernacular scriptures in English and supports the English roots of the Early English Reformation (EER). Although political events and figures dominate the EER, its religious component springing from John Wyclif and streaming throughout the tradition must be recognized more widely. This book critically surveys the doctrine of scriptural perspicuity from the beginning of the Church in the first century (noted as early as John Chrysostom) through the seventeenth century, examining its impact on the current debates concerning competing hermeneutical systems, reader response hermeneutics, and the debates in conservative American Presbyterianism and Reformed theology on subscription to the Westminster Confession of Faith, the length of «creation days», and other issues.

A general survey of academic thought and its impact on a wider world from the later Middle Ages to the emergence of Luther and the city Reformation. The book uses the early history of the University of Tübingen to illuminate late fifteenth-century theological developments and the first stirrings of the Reformation.

Table of contents

'Masterly' - Eric Metaxas 'Mould-breaking' - John Guy 'A little gem of a book' - Suzannah Lipscomb
From the Introduction: ' There is no such thing as " the English Reformation " . A "Reformation" is a composite event which is only made visible by being framed the right way. It is like a " war " : a label we put onto a particular set of events, while we decide that other – equally violent – acts are not part of that or of any "war". Sixteenth- and seventeenth-century English people knew that they were living through an age of religious upheaval, but they did not know that it was "the English Reformation", any more than the soldiers at the battle of Agincourt knew that they were fighting in " the Hundred Years ' War " ' Plainly these religious upheavals permanently changed England and, by extension, the many other countries on which English culture has made its mark. There is not, however, a single master narrative of all this turmoil. How could there be? . . . The way you choose to tell the story is governed by what you think is important and what is trivial, by whether there are heroes or villains you want to celebrate or condemn, and by the legacies and lessons which you think matter. Once you have chosen your frame, it will give you the story you want. ' So this book does not tell "the story" of " the English Reformation " . It tells the stories of six English Reformations, or rather six stories of religious change in sixteenth- and seventeenth-century England. The stories are parallel and overlapping, but each has a somewhat different chronological frame, cast of characters and set of pivotal events, and has left a different legacy. '
