In this gripping memoir, the sole survivor of the disastrous 2013 fire in Yarnell, Arizona recalls the natural disaster that took the lives of 19 "hotshots--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming an inveterate heroin addict when he decided to enlist in Granite Mountain, an elite hotshot crew of wildland firefighters based in Arizona. Thanks to his crew's firm but loving encouragement, McDonough made the cut and battled many extreme blazes alongside his newfound "brothers," receiving a life with purpose as part of a team. Then, on June 30, 2013, during a fire at which McDonough was serving as lookout, a freak inferno trapped and killed all 19 members of his crew. MY LOST BROTHERS traces McDonough's minute-by-minute account of witnessing his fellow hotshots' brave, selfless battle--as well as its aftermath.

The true story behind the events that inspired the major motion picture Only the Brave. A "unique and bracing" (Booklist) first-person account by the sole survivor of Arizona's disastrous 2013 Yarnell Hill Fire, which took the lives of 19 "hotshots"--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming a hopeless, inveterate heroin addict when he, for the sake of his young daughter, decided to turn his life around. He enlisted in the Granite Mountain Hotshots, a team of elite firefighters based in Prescott, Arizona. Their leader, Eric Marsh, was in a desperate crunch after four hotshots left the unit, and perhaps seeing a glimmer of promise in the skinny would-be recruit, he took a chance on the unlikely McDonough, and the chance paid off. Despite the crew's skepticism, and thanks in large part to Marsh's firm but loving encouragement, McDonough unlocked a latent drive and dedication, going on to successfully battle a number of blazes and eventually win the confidence of the men he came to call his brothers. Then, on June 30, 2013, while McDonough--"Donut" as he'd been dubbed by his team--served as lookout, they confronted a freak, 3,000-degree inferno in nearby Yarnell, Arizona. The relentless firestorm ultimately trapped his hotshot brothers, tragically killing all 19 of them within minutes. Nationwide, it was the greatest loss of firefighter lives since the 9/11 attacks. Granite Mountain is a gripping memoir that traces McDonough's story of finding his way out of the dead end of drugs, finding his purpose among the Granite Mountain Hotshots, and the minute-by-minute account of the fateful day he lost the very men who had saved him. A harrowing and redemptive tale of resilience in the face of tragedy, Granite Mountain is also a powerful reminder of the heroism of the people who put themselves in harm's way to protect us every day.

Soon to be a major motion picture. A "unique and bracing" (Booklist) first-person account by the sole survivor of Arizona's disastrous 2013 Yarnell Hill Fire, which took the lives of 19 "hotshots"--firefighters trained specifically to battle wildfires. "A dynamic group biography studded with design history and high-society dash. . . . [This] elegantly wrought narrative bears the Cartier hallmark."--The Economist The captivating story of the family behind the Cartier empire and the three brothers who turned their grandfather's humble Parisian jewelry store into a global luxury icon--as told by a great-granddaughter with exclusive access to long-lost family archives "Ms. Cartier Brickell has done her grandfather proud."--The Wall Street Journal The Cartiers is the revealing tale of a jewelry dynasty--four generations, from revolutionary France to the 1970s. At its heart are the three Cartier brothers whose motto was "Never copy, only create" and who made their family firm internationally famous in the early days of the twentieth century, thanks to their unique and complementary talents: Louis, the visionary designer who created the first men's wristwatch to help an aviator friend tell the time without taking his hands off the controls of his flying machine; Pierre, the master dealmaker who bought the New York headquarters on Fifth Avenue for a double-stranded natural pearl necklace; and Jacques, the globe-trotting gemstone expert whose travels to India gave Cartier access to the world's best rubies, emeralds, and sapphires, inspiring the celebrated Tutti Frutti jewelry. Francesca Cartier Brickell, whose great-grandfather was the youngest of the brothers, has traveled the world researching her family's history, tracking down those connected with her ancestors and discovering long-lost pieces of the puzzle along the way. Now she reveals never-before-told dramas, romances, intrigues, betrayals, and more. The Cartiers also offers a behind-the-scenes look at the firm's most iconic jewelry--the notoriously cursed Hope Diamond, the Romanov emeralds, the classic panther pieces--and the long line of stars from the worlds of fashion, film, and royalty who wore them, from Indian maharajas and Russian grand duchesses to Wallis Simpson, Coco Chanel, and Elizabeth Taylor. Published in the two-hundredth anniversary year of the birth of the dynasty's founder, Louis-François Cartier, this book is a magnificent, definitive, epic social history shown through the deeply personal lens of one legendary family.

Finally revealing the family's indefatigable women among its legendary military figures, The Howe Dynasty recasts the British side of the American Revolution. In December 1774, Benjamin Franklin met Caroline Howe, the sister of British General Sir William Howe and Richard Admiral Lord Howe, in a London drawing room for [half a dozen Games of Chess.] But as historian Julie Flavell reveals, these meetings were about much more than board games: they were cover for a last-ditch attempt to forestall the outbreak of the American War of Independence. Aware that the distinguished Howe family, both the men and the women, have been known solely for the military exploits of the brothers, Flavell investigated the letters of Caroline Howe, which have been blatantly overlooked since the nineteenth century. Using revelatory documents and his correspondence, The Howe Dynasty provides a groundbreaking reinterpretation of one of England's most famous military families across four wars. Contemporaries considered the Howes impenetrable and intensely private(,or, as Horace Walpole called them, "brave and silent.) Flavell traces their roots to modest beginnings at Langar Hall in rural Nottinghamshire and highlights the Georgian phenomenon of the politically involved aristocratic woman. In fact, the early careers of the brothers--George, Richard, and William--can be credited not to the maneuverings of their father, Scrope Lord Howe, but to those of their aunt, the savvy Mary Herbert Countess Pembroke. When eldest sister Caroline came of age during the reign of King George III, she too used her intimacy with the royal inner circle to promote her brothers, moving smoothly between a stratifaced court and an increasingly scandalous London high life. With genuine suspense, Flavell skillfully recounts the most notable episodes of the brothers' military campaigns: how Richard, commanding the HMS Dunkirk in 1755, fired the first shot signaling the beginning of the Seven Years' War at sea; how George won the devotion of the American fighters he commanded at Fort Ticonderoga just three years later; and how youngest brother General William Howe, his sympathies torn, nonetheless commanded his troops to a bitter Pyrrhic victory in the Battle of Bunker Hill, only to be vilified for his failure as British commander-in-chief to subdue Washington's Continental Army. Britain's desperate battles to guard its most vaunted colonial possession are here told in tandem with London parlor-room intrigues, where Caroline bravely fought to protect the Howe reputation in a gossipy aristocratic milieu. A riveting narrative and long overdue reassessment of the entire family, The Howe Dynasty forces us to reimagine the Revolutionary War in ways that would have been previously inconceivable.

The definitive account of one of the deadliest wildfires in U.S. history, which killed nineteen elite firefighters of the Granite Mountain Hotshots and also inspired the major motion picture Only the Brave. [A tear-jerking classic.][Outside] Named One of the Best Books of the Year by Men's Journal On June 28, 2013, a single bolt of lightning sparked an inferno that devoured more than eight thousand acres in northern Arizona. Twenty elite firefighters(the Granite Mountain Hotshots)walked together into the Yarnell Hill Fire, tools in their hands and emergency fire shelters on their hips. Only one of them walked out. An award-winning journalist and former wildland firefighter, Kyle Dickman brings to the story a professional's understanding of how wildfires ignite, how they spread, and how they are fought. He understands hotshots and their culture: the pain and glory of a rough and vital job, the brotherly bonds born of dangerous work. Drawing on dozens of interviews with officials, families of the fallen, and the lone survivor, he describes in vivid detail what it's like to stand inside a raging fire[and shows how the increased population and decreased water supply of the American West guarantee that many more young men will step into harm's way in the coming years. Praise for On the Burning Edge :Dickman weaves a century of fire-management history into the fully realized stories of the men's lives/the sweat, the adrenaline, the orange glow of fire within their aluminum shelters, and the chewing gum that hotshot Scott Norris left in the shower before telling his girlfriend, Heather, [I]ll take care of it later. I promise.][Outside :Dickman offers a riveting account of a dangerous occupation and acts of nature most violent[and those who face both down.][Library Journal

Biography of experiences by an American living in Southeast Turkey and Northern Iraq during and after the first Gulf War.

AVAILABLE FOR THE FIRST TIME IN eBook! A man returns to the town where a baffling murder took place 27 years earlier, determined to get to the bottom of the story. Just hours after marrying the beautiful Angela Vicario, everyone agrees, Bayardo San Roman returned his bride in disgrace to her parents. Her distraught family forced her to name her first lover; and her twin brothers announced their intention to murder Santiago Nasar for dishonoring their sister. Yet if everyone knew the murder was going to happen, why did no one intervene to stop it? The more that is learned, the less is understood, and as the story races to its inexplicable conclusion, an entire society--not just a pair of murderers--is put on trial. Gabriel García Márquez was born in Colombia in 1927. He was awarded the Nobel Prize in Literature in 1982. He is the author of many works of fiction and nonfiction, including One Hundred Years of Solitude, Love In The Time Cholera, The Autumn Of The Patriarch, The General In His Labyrinth, and News Of A Kidnapping. He died in 2014.

This is the untold story of Tibet's compelling account of conspiracy, covert organizations and international intrigue[told through the eyes of Gyalo Thondup, the Dalai Lama's elder brother. After Tibet was overrun by the Chinese in 1951, Thondup served for decades as His Holiness' special envoy to many countries, gaining an unparalleled perspective of the ongoing tussle of the divergent interests of China, India, Russia and the United States. Together with Anne F. Thurston, Gyalo Thondup shares his experiences, classified information and rare photos for the first time and his vision for Tibet in the twenty-first century.
