Imagine using magick without any aim, desire or hope, without trying to solve problems, and seeking no gain. Imagine if this magick started to bring you all the things you want, and solved your problems. What if it increased your peace, passion, understanding, and your purpose in life? That's only the beginning of what this book can do for you. Damon Brand reveals a groundbreaking form of magick. It's easy to use but works in a completely new way. This is the final book in the best-selling Words of Power series, and it takes the magick to a new level. In Part One there are seven major rituals covering Perception, Knowledge, Imagination, Love, Healing, Transformation, and The Empowered Mind. In Part Two, you can direct the magick where you want. There are over fifty sigils to fine-tune your reality. The magick leads you to experience the world in a mystical way that can include intuition, visions, and psychic abilities while attracting the real-world results you need. The magick in Mystical Words of Power only requires your thoughts, feelings, your voice, and the images in the book. It's as easy as magick gets. When you connect with this angelic power you discover who you are, what you want, and the mystical states required to attract everything you need to live the life of your dreams. The combined power of the two magickal styles in this book make it unlike anything you've seen before. It's the most enjoyable and effective way to bring healing, strength, certainty, and creative control to all that you desire.

Tehillim, Leviim, niggunim the Jewish soul has always been nurtured by music. This book draws upon Torah commentaries to explain rationally, scientifically, and esoterically the effect and impact that music has on the individual and the world.

Brian Thorne's latest book is likely to cause something of a furore in the counselling and psychotherapy world and more particularly among person-centred practitioners and pastoral counsellors. 'The Mystical Power of Person-Centred Therapy' takes the later work of Carl Rogers with the utmost seriousness and, as a result, moves into unexpected and perhaps, for some, dangerously controversial terrain. Rogers discovered towards the end of his life that he had greatly underestimated both the mystical quality of the therapeutic process and the power of the person-centred approach to give access to the spiritual dimension of experience. Professor Thorne takes this concept further and explores the implications of regarding person-centred therapy as an essentially spiritual discipline. The outcome is a book which not only provides new and startling challenges for therapists of all orientations but also suggests that the person-centred way of being may have a major contribution to make to the resolution of some of humanity's seemingly intractable problems. It should appeal not only to therapists but also to clergy and all those concerned with the spiritual evolution of humanity. In the light of the events of September 11th 2001 and their aftermath such a book could not come at a more opportune time.

Wise men throughout the generations have recognized the power of the Psalms to get results: from attracting love and wealth, to overcoming adversaries, to banishing the powers of evil. Yet these are not mere incantations, to be repeated with an empty heart. Pay heed to these words, and follow their advice closely. To those who trust in the LORD, and who faithfully hold his precepts, great favours shall be granted.

Three of Marianne Williamson's previous bestsellers -- *A Return to Love*, *A Woman's Worth*, and *Illuminata* -- explored the issue of relationships. Now, in this deeply personal collection of essays, prayers, and self-reflection, she turns to romantic love. In *Illuminata*, Williamson wrote that "we experience God to the extent to which we love, forgive, and focus on the good in others and ourselves." Now, in *Enchanted Love*, she writes that "enchanted partnership begins with the conscious understanding, on the part of two people, that the purpose of their relationship is not so much material as spiritual, and the internal skills demanded by it are prodigious." High romance, she says, "is not about past or future. It is not about practicality. It is not about society or worldly routines. It is an audacious ride to the center of what is, at the heart of every person. It is a bold and masterful inquiry into what two people really are and how we might become, while still on earth, the angels who reside within us."

A Collection of Original & Powerful Poetry – Volume 1 Contained within the pages of this book are powerful words. Words that hold deep and mystical meanings. This book is a work of poetry on the surface, however, upon exploring further, hidden truths can be found about the mind and the Universe. This book is designed to convey the subtle aspects of what energy is, and how, by understanding its true nature better, we can discover and awaken the ancient power of the superconscious mind, and make the transformation from human to superhuman, having access to powers that would be considered supernatural. *Mystical Words of Power* is for those who are seeking to acquire the deeper levels of mystical knowledge required for advancement to higher levels of consciousness and greater levels of spiritual and psychic power. This book of poetry is a key that will help unleash the dormant power within your own mind, heart and spirit.

Reintroduces an ancient system of astrology called a Celtic tree calendar, in which each tree has a dryad or tree spirit.

Mystical is a weird and wonderful leprechaun that lived upon his rainbow, within the jungles of Africa. Mystical is not like all of the other leprechauns. He dresses in a different fashion than other leprechauns. He has a good heart and his faith is in God. Mystical finds himself battling the evil power of Satan and a few evil leprechauns on several occasions. Mystical's evil cousin Ifrits teams up with Satan to destroy all that is good in the world and their first victim is Mystical. It is Mystical's faith in God that brings an angel to help fight off the evil of the devil. Mystical holds many powers of his own, as well as those of his ancestors. These powers are strong and Mystical finds that he needs very little help from his guardian angel, but he feels at ease knowing an angel is watching over him. Mystical thinks he has defeated Satan and his evil cousin Ifrits, and so he goes in search of an old girlfriend. Mystical's old girlfriend once lived in the jungles of Africa with her family, but she moved back to Ireland after the devil killed her family and Mystical's too. Mystical finds Melody on a rainbow in the skies of Ireland. A short time later, the two sprites get married. It is not long after the two sprites marry that the devil returns to destroy Mystical and the battle between good and evil continues. Melody and Mystical begin a family and the evil of Satan tries to control them all with hopes of destroying the good in them. Can Mystical win the fight against evil and save his family from the evil powers of Satan?
