Paranoia is the terrifying fear of being hurt. Paranoia is a false accusation pretending to be real. Paranoia is the accuser side of the false or unreal self. The feeling is real but the characters are displaced and substituted. The accused is merely a stand-in for the real person. Paranoia needs an enemy, but can't seem to find the real persecutor. So, anyone will do.

Read Book Paranoia Ideas In Psychoanalysis

Psychodynamic perspective (psychoanalysis) According to the famous Jacques Lacan, paranoia is a form of psychosis characterized by self-referential delusions where the individual accuses another person, object, or entity of causing their discomfort. This all occurs through a process called projection, a psychological defense mechanism.
