A thinly-veiled autobiographical coming of age story, written against the backdrop of the first rush of Punk Rock in Los Angeles and Hollywood, this narrative steps into the West Coast Punk rock scene of 1976-1982, a fervent creative period in experimentation in rock music and concept. Long before Prozac, Paxil, and Wellbutrin were used to chemically lobotomize the population, California teenagers and young adults turned to BLACK FLAG, X, GERMS, FLIPPER, SOCIAL DISTORTION, RAMONES, and the CIRCLE JERKS to moderate their social anxieties and alleviate family conflicts. Here's that story...

significant challenge even for seasoned professionals. Not surprisingly, many students find the subject Security Analysis and Portfolio Management difficult. This book offers conceptual clarity and in-depth coverage with a student-friendly approach. Targeted at the postgraduate students of management and commerce, it is an attempt to demystify the difficult subject. The book is divided into three parts. Part I explains the Indian stock market; Part II exclusively deals with the different aspects of security analysis; Part III is devoted to portfolio analysis.

introduction to the rich and complex world of animal behaviour and cognition. Discover pivotal case studies and experiments that have irrevocably shaped how we view the psychological and social lives of animals and discover such key cognitive topics as memory, communication and sensory perception. Projecting an insightful scope into the cognitive world of animals, from considering the use of tools in birds to the dance communication system of the honey bee, Wynne and Udell analyse and explain the importance of the observations and studies that have led to the greater understanding of how animals learn, perceive social relations, form concepts, experience time and navigate space. Written by two leading researchers in the field, including the author of the best-selling popular science book *Dog is Love*, this textbook is a complete resource for students of animal cognition, animal behaviour or comparative psychology.
