Online Library Secrecy World

the gripping
account of how
the story of the
century was
exposed to the

The riveting,

exposé of the
vice president
who co-opted
executive
control over the

U.S. government
and became the
“shadow
president” of
the George W.
Bush
administration.
Dick Cheney was
the most
powerful yet
most unpopular
vice president
in U.S. history.
He thrived

Online Library Secrecy World

alongside a president who had little interest in policy and limited experience in the ways of Washington. Yet Cheney's quiet, steady rise to prominence over a span of three decades occurred

Online Library Secrecy World

largely behind
the scenes. He
survived the
collapse of the
Nixon
presidency,
finding a
position in the
administration
of Gerald Ford.
He was then
elected to the
House of
Representatives,

Online Library Secrecy World

and later he earned a spot in the cabinet of the first Bush presidency. But when he became George W. Bush's running mate, Cheney reached a new level of influence. From engineering his own selection as vice president

Online Library Secrecy World

to his support
of policies
allowing torture
as a permissible
weapon in the
“war on terror,”
Cheney steered
America

consistently
rightward. In
Vice, veteran
reporters Lou
Dubose and Jake
Bernstein

Online Library Secrecy World

uncover The
startling
revelations,
including • the
extraordinary
intimidation of
CIA officials by
a vice president
bent on
obtaining
intelligence to
support a

- details on Cheney's secret energy task
