"A great source for kinesthetic learning activities. I've used the book for designing my course for multiple learning styles." —Megan Thiele, University of California, Irvine This student workbook is designed to allow you to easily integrate multiple active learning exercises into your Introduction to Sociology courses. Many teachers want to use "active learning" in their class, but don't have the materials commensurate with that pedagogy. These 51 active learning exercises have been carefully selected from a nationwide search of the best class-tested active learning material available in sociology. Affordably priced, this workbook provides the best that sociology has to offer! Key and New Features Offers many fresh exercises—about 40% of the assignments are new to this edition Features tear-out worksheets for ease of submission and grading Presents a wide variety of exercises in terms of content, time required, usefulness for individual or group completion, and relevance for in-class or out-of-class practice Accompanied by High-Quality Ancillaries! Instructor Resources on CD provide detailed information on using, grading, and adapting the exercises. In addition the CD also includes commentary from the contributing authors explaining their experiences with the exercises, including how they promote specific learning goals and how current instructions to students facilitate the assignment. This CD-ROM features new components to the summary chart for instructors that indicate which assignments have web components, which have global aspects, and other criteria to help professors select the most useful exercises for their teaching needs.

This concise text, covers both classical and contemporary social thought. It traces the major schools of thought over the past 150 years as they appear and reappear in different chapters and looks at important new voices in social theory. The treatment of individual theories and theorists is balanced with the development of key themes and ideas about social life.

Learn Sociology creates a new paradigm for student-centered learning in introductory sociology courses. Written with 21st century students in mind, this text presents introductory sociology content in a highly interactive format that is both easy to use and highly compatible with digital applications. Drawing on best practices in educational pedagogy, Learn Sociology emphasizes "immersive learning," an approach that pairs critical analysis of sociological concepts with examples from everyday life to engage students actively with the material. Weaved through the text are recurring themes that put sociology into context, such as social structure, social control, social inequality, the social construction of reality, scientific knowledge, and social change. Learn Sociology optimizes learning through enhanced coverage, study, testing, and review while emphasizing the "applying" that reinforces comprehension. Based on a modular concept format, each chapter in Learn Sociology addresses a major concept in the introductory sociology curriculum. Associated with each module are key learning objectives, preview statements, illustrations, and a concept learning check assessment. With Learn Sociology, students have access to immediate computer-based feedback on essay questions that helps them practice writing and revising, reason critically, and grapple with real-world issues. All content in Learn Sociology is highly visual, current, and easy to understand while avoiding distracting and off-topic material. Visual overviews play to dynamic learning and underscore important points. The result is an introductory sociology curriculum that is engaging, consistent, and complete while providing students with a roadmap for learning, reviewing and self-assessment.

This book aims to help college students understand how their lives are shaped by the complexities of global social forces in our new century. It will enable students to develop an approach to thinking about social issues and evaluating claims and arguments. It demonstrates the power and value of thinking sociologically about societies today and helps teach the process of investigation, the sociological craft of research, critical thinking, and careful analysis.
