How to Write a Book: The Complete Guide

Firstly, textbook writing is related to instructional design and therefore one might look at textbooks in terms of some instructional design models and methods. On a prescriptive level, one might argue that authors should use at least some kind of backwards design , i.e. define what students are supposed to be able to do (e.g. solve problems) and then write the books that enables them to do so.

This is the comprehensively revised second edition of a popular professional book on textbook writing and finding one's way in the higher education publishing world--for academic authors and editors, college instructors, and instructional designers. The second edition has two new chapters on the latest industry trends--such as the pricing revolt, open access movement, and wiki-textbook phenomenon, and on the use of learning objectives to structure textbook package development. Every chapter features new sections, links, forms, models, or examples from an even greater range of college courses. Contains updated and expanded appendices, glossary entries, references, bibliography entries, and index. BISAC: Language Arts & Disciplines/Authorship and Publishing

In 1999, Stephen King began to write about his craft -- and his life. By midyear, a widely reported accident jeopardized the survival of both. And in his months of recovery, the link between writing and living became more crucial than ever. Rarely has a book on writing been so clear, so useful, and so revealing. *On Writing* begins with a mesmerizing account of King's childhood and his uncannily early focus on writing to tell a story. A series of vivid memories from adolescence, college, and the struggling years that led up to his first novel, *Carrie*, will afford readers a fresh and often very funny perspective on the formation of a writer. King next turns to the basic tools of his trade -- how to sharpen and multiply them through use, and how the writer must always have them close at hand. He takes the reader through crucial aspects of the writer's art and life, offering practical and inspiring advice on everything from plot and character development to work habits and rejection. Serialized in the *New Yorker* to vivid acclaim, *On Writing* culminates with a profoundly moving account of how King's overwhelming need to write spurred him toward recovery, and brought him back to his life. Brilliantly structured, friendly and inspiring, *On Writing* will empower--and entertain--everyone who reads it.

When a dissertation crosses my desk, I usually want to grab it by its metaphorical lapels and give it a good shake. "You know something!" I would say if it could hear me. "Now tell it to us in language we can understand!" Since its publication in 2005, *From Dissertation to Book* has helped thousands of young academic authors get their books beyond the thesis committee and into the hands of interested publishers and general readers. Now revised and updated to reflect the evolution of scholarly publishing, this edition includes a new chapter arguing that the future of academic writing is in the hands of young scholars who must create work that meets the broader expectations of readers rather than the narrow requirements of academic committees. At the heart of *From Dissertation to Book* is the idea that revising the dissertation is fundamentally a process of shifting its focus from the concerns of a narrow audience—a committee or advisors—to those of a broader scholarly audience that wants writing to be both informative and engaging. William Germano offers clear guidance on how to do this, with advice on such topics as rethinking the table of contents, taming runaway footnotes, shaping chapter length, and confronting the limitations of jargon, alongside helpful timetables for light or heavy revision. Germano draws on his years of experience in both academia and publishing to show writers how to turn a dissertation into a book that an audience will actually enjoy, whether reading on a page or a screen. Germano also acknowledges that not all dissertations can or even should become books and explores other, often overlooked, options, such as turning them into journal articles or chapters in an edited work. With clear directions, engaging examples, and an eye for the idiosyncrasies of academic writing, *From Dissertation to Book* reveals to recent PhDs the secrets of careful and thoughtful revision—a skill that will be truly invaluable as they add "author" to their curriculum vitae.

Brenda Ueland was a journalist, editor, freelance writer, and teacher of writing. In *If You Want to Write: A Book about Art, Independence and Spirit* she shares her philosophies on writing and life in general. Ueland firmly believed that anyone can write, that everyone is talented, original, and has something important to say. In this book she explains how find that spark that will make you a great writer. Carl Sandburg called this book the best book ever written about how to write. Join the millions of others who've found inspiration and unlocked their own talent.

Designed to strengthen students' academic writing, the second edition of this popular multicultural text offers integrated reading and writing assignments. * Provides more reading selections, including fiction and poetry * Offers more writing assignments, including a field research project * Includes guidelines for summarizing, paraphrasing, quoting, documenting sources, and editing

Now updated for 2015! The best, most comprehensive guide for writers is now revised and updated, with new sections on ebooks, self-publishing, crowd-funding through Kickstarter, blogging, increasing visibility via online marketing, micropublishing, the power of social media and author websites, and more—making *The Essential Guide to Getting Your Book Published* more vital than ever for anyone who wants to mine that great idea and turn it into a successfully published book. Written by experts with twenty-five books between them as well as many years' experience as a literary agent (Eckstut) and a book doctor (Sterry), this nuts-and-bolts guide demystifies every step of the publishing process: how to come up with a blockbuster title, create a selling proposal, find the right agent, understand a book contract, and develop marketing and publicity savvy. Includes interviews with hundreds of publishing insiders and authors, including Seth Godin, Neil Gaiman, Amy Bloom, Margaret Atwood, Leonard Lopate, plus agents, editors, and booksellers; sidebars featuring real-life publishing success stories; sample proposals, query letters, and an entirely updated resources and publishers directory.

In this Lambda Literary Award-winning debut novel, the course of growing up in just-this-side-of-segregation 1970s Cincinnati, Ohio, seems predictable if uninspiring for Cliff Douglas. That is, until the deadbeat father of this gifted 13-year-old black kid from the Findlater Gardens Projects appears out of nowhere. The real fun and trouble begin when Noah, a Jewish boy he meets in junior high school, takes him on a joyride to lust and first love.

Guidelines, Third edition, is an advanced reading and writing text designed specifically to strengthen students' academic writing. *Guidelines* is a classic reading/writing text that teaches academic essay and research writing. The book contains stimulating cross-cultural readings that provide source materials for critical thinking and writing. The book concludes with a hundred-page handbook that contains information on how to document sources and how to draft, review, revise, and edit.
