The Altruism Equation: Seven Scientists Search for the ...

The Altruism Equation traces the history of this debate from Darwin to the present through an extraordinary cast of characters—from the Russian prince Petr Kropotkin, who wanted to base society on altruism, to the brilliant biologist George Price, who fell into poverty and succumbed to suicide as he obsessed over the problem. In a final surprising turn, William Hamilton, the scientist who came up with the equation that reduced altruism to the cold language of natural selection, desperately ...
