The earliest known use of adhesives was discovered in central Italy when two stone flakes partially covered with birch-bark tar and a third uncovered stone from the Middle Pleistocene era (circa 200,000 years ago) were found. This is thought to be the oldest discovered human use of tar-hafted stones. The birch-bark-tar adhesive is a simple, one-component adhesive.

His books have sold more than 300 million copies and he was the first person to sell 1 ...

The sport of tennis has been played in one form or another for more than 800 years. It can trace its roots to games played by monks in the 12th century. Through the years the game has evolved from one in which the ball was struck with the hands to the modern game in which rackets are used to propel the ball in excess of 150 miles per hour. From the sport of the elite to the sport played by elite athletes, tennis has grown immensely in the past 135 years and it remains one of the few sporting pastimes that is played extensively by people of all ages and all nationalities. The Historical Dictionary of Tennis presents a comprehensive history of the game through a chronology, an introductory essay, a bibliography, photos, and over 500 cross-referenced dictionary entries on places, teams, terminology, and people, including Arthur Ashe, Björn Borg, Don Budge, Chris Evert, Roger Federer, Billie Jean King, Rod Laver, Suzanne Lenglen, John McEnroe, Rafael Nadal, Martina Navratilova, and Bill Tilden. Appendixes of the members of the International Tennis Hall of Fame, the Major Championships of Tennis, and the Olympic games are included. This book is an excellent access point for students, researchers, and anyone wanting to know more about tennis.

Winner of the Lord Aberdare Literary Prize 2015- from the British Society for Sports History. From its advent in the mid-late nineteenth century as a garden-party pastime to its development into a highly commercialised and professionalised high-performance sport, the history of tennis in Britain reflects important themes in Britain's social history. In the first comprehensive and critical account of the history of tennis in Britain, Robert Lake explains how the game's historical roots have shaped its contemporary structure, and how the history of tennis can tell us much about the history of wider British society. Since its emergence as a spare-time diversion for landed elites, the

dominant culture in British tennis has been one of amateurism and exclusion, with tennis sitting alongside cricket and golf as a vehicle for the reproduction of middle-class values throughout wider British society in the twentieth and twenty-first centuries. Consequently, the Lawn Tennis Association has been accused of a failure to promote inclusion or widen participation, despite steadfast efforts to develop talent and improve coaching practices and structures. Robert Lake examines these themes in the context of the global development of tennis and important processes of commercialisation and professional and social development that have shaped both tennis and wider society. The social history of tennis in Britain is a microcosm of late-nineteenth and twentieth-century British social history: sustained class power and class conflict; struggles for female emancipation and racial integration; the decline of empire; and, Britain's shifting relationship with America, continental Europe, and Commonwealth nations. This book is important and fascinating reading for anybody with an interest in the history of sport or British social history.

Pat Patrios became a hero accidentally --- he just happened to be in the right suit at the right time, and thwarted an evil plot to help the Nazis. Suddenly, Pat Patriot was born, and while he stint in DAREDEVIL COMICS was not long (#2-11), she has endured as a shining example of mid-20th Century comic book patriotism! We have her full run for you right here! RARE COMICS CAN BE HARD TO FIND IN EXCELLENT CONDITION. Founder of the world's first and most influential Christian television network, host of The 700 Club for over 30 years, former presidential candidate, founder of both the Christian Coalition and the American Center for Law and Justice, and unchallenged leader of the "Christian Right,"

In 1990, a young woman was strangled on a jogging path near the home of Pat Brown and her family. Brown suspected the young man who was renting a room in her house, and quickly uncovered strong evidence that pointed to him--but the police dismissed her as merely a housewife with an overactive imagination. It would be six years before her former boarder would be brought in for questioning, but the night Brown took action to solve the murder was the beginning of her life's work. Pat Brown is now one of the nation's few female criminal profilers--a sleuth who assists police departments and victims' families by analyzing both physical and behavioral evidence to make the most scientific determination possible about who committed a crime. Brown has analyzed many dozens of seemingly hopeless cases and brought new investigative avenues to light. In *The Profiler*, Brown opens her case files to take readers behind the scenes of bizarre sex crimes, domestic murders, and mysterious deaths, going face-to-face with killers, rapists, and brutalized victims. It's a rare, up-close, first-person look at the real world of police and profilers as they investigate crimes--the good and bad, the cover-ups and the successes.

By the author known and respected for her acclaimed books on relationships. Most of us manage to be monogamous, most of the time, but who cannot imagine themselves committing the 'crime' of adultery? Does being 'faithful' mean the same to everyone? Why DO people have affairs? Using real life testimony alongside the most current research, *Our Cheating Hearts* looks at the big questions around love and commitment. It lifts taboos, asks the tough questions and shows how in our progressive time monogamy has become the new ideal. Some people manage monogamy. For the countless others that don't, *Our Cheating Hearts* opens the debate and provides the honest approach that's essential.
